Need:

sendEvent(take_picture)
sendEvent(update_LEDs)
sendEvent(update_LCD)
get(ui_code)
get(picture)
get(match/prediction/guess)

Scraptcha

Capture — Gaming

Close button

Mode selection tabs

Picture of "scrap"

I think this is a CUP.
It's TRASH (17% match)

From Manager, guessed object

From Manager, prediction

From Manager, match percent

Take Picture

Button, send command to take picture, update UI
